BIRD CHIRPINGS

In the middle of June, DORIS LANNING of Pine Ridge Dr. called to tell of two Pileated Woodpeckers visiting her yard and also of Great Crested Flycatchers nesting in her Bluebird box. About the same time MARY JUNE MILLS related having had a total of seventeen Bluebird eggs laid in the two nest boxes in her yard. Each box had a clutch of five eggs that were successfully hatched and each had a second nesting, one with a cluth of five and the other two. Hopefully the second nestings will also be a success.

CONNIE BAUGHMAN of Lakeview Dr. found a baby bird in her yard which for whatever reason had left its nest prematurely. When CONNIE was unable to locate the nest she took on the job of feeding it. The bird was a Cedar Waxwing and it readily took to a diet of ground dog food mixed with water and fed thru an eye dropper. The bird was growing rapidly and seemed to always be hungry. Hopefully it will soon be able to care for itself at which time it can be released. Caring for a bird like this is quite a bit of work and that CONNIE took the trouble to do it was a kind thing to do.

Please keep the bird sightings coming.

THINGS AND TIMES BY TICE

Just put "Ive learned" in front of each statement.....

That the best classroom in the world is at the feet of an elderly person.
That when you're in love, it shows.
That just one person saying to me, "You've made my day" makes my day.
That having a child fall asleep in your arms is one of the most peaceful feelings in the world.
That being kind is more important than being right.
That you should never say no to a gift from a child.

That no matter how serious your life requires you to be, everyone needs a friend to act goofy with.

That sometimes all a person needs is a hand to hold and a heart to understand.
That we should be glad God doesn't give us everything we ask for.
That money doesn't buy class.
That under everyone's hard shell is someone who wants to be appreciated and loved.
That the Lord didn't do it all in one day. What makes me think I can?
That everyone you meet deserves to be greeted with a smile.
That there's nothing sweeter than sleeping with your babies and feeling their breath on your cheeks.
That no one is perfect until you fall in love with them.
That one should keep his words soft and tender, because tomorrow he may have to eat them.
That when your newly born grandchild holds your little finger in his little fist that you're hooked for life.
That the less time I have to work with, the more things I get done.

PERSONALS

The outpouring of love, care, concern and friendship from the people of Whispering Pines has been unbelievable! My entire family wants to thank all of those who attended the memorial service for FRED. In addition we would all like to thank those who sent cards, phone calls, food, flowers, did ironing, ran errands and took me to doctors' appointments after my surgery. Whispering Pines is a shining example of what a Village can do when there is a need. Thank you for everything -- we appreciate all that was done for us.
